

IMLAY™ RESCUE

Developed by the ESEE team during their SAR, swiftwater, and recreational rope activities, the Imlay features a blunted tip for safer use around tensioned ropes or rescue subjects, serrations to get through tough materials, double spine jimping for a more secure grip, O2 slot, secondary secure retention strap, and 440C stainless steel for use in wet environments.

Item #: ESEE-IMLAY (Black Sheath)
ESEE-IMLAY-OR (Orange Sheath)

Actual Size

10% of gross sales for the Imlay Rescue knife go to support operational costs of RAT-SAR, a 501(c)3 non-profit, all volunteer search and rescue organization. Learn more by visiting their website: www.ratsar.org
